

Problem: _____

Name: _____

Problem Definition

Given Data:

Desired Result:

Assumptions and Approximations:

Governing Principles and Equations:

Solution

Diagrams:

Calculations:

	A	\bar{x}	$A\bar{x}$	\bar{y}	$A\bar{y}$

Ensure that your calculations are consistent with accuracy justified by the data

Be sure that you have used consistent units throughout your calculations

Ensure that your answers are reasonable

Results and Conclusions:
